STANDARD OIL COMPANY
(Incorporated)

FINED FOR REBATING

Santa Fe Railroad Company Assessed a Large Sum.

AN INTERMEDIATE PENALTY

Court Did Not Impose the Maximum Fine, but Deemed the Evidence Too Conclusive to Allow of the Minimum Fine.

Los Angeles, Cal., Nov. 8.—Judge Olin Wellborn in the United States district court fined the Atchison, Topeka and Santa Fe Railroad company \$330,000 for rebating. The fine was what the court denominated "an intermediate penalty," the maximum which might have been assessed being \$1,620,000 and the minimum \$66,000. The court reviewed the case in a written opinion of some length in which it stated that there were some doubtful and extenuating circumstances to preclude the possibility of a maximum sentence and yet sufficient intention of wrongdoing shown to make impossible a minimum sentence.

The Santa Fe company was convicted on Oct. 11 last by a jury in the federal court of granting rebates to the Grand Canyon Lime and Cement company of Arizona. It was found guilty of all the sixty-six counts charged in the indictment after but an hour's deliberation. The rebates, which were given on shipments of lime and cement from Nelson, Ariz., to Los Angeles, ranged in amount from 35 cents to \$15. The company claimed that these amounts were not rebates on the regular freight rate, but were in the form of damages to goods which were allowed after such claim had been regularly presented and proved in each instance. The did not take that view of the case, however, and stated that it "was not convinced by any means that these amounts represented bonafide settlements of claims."

Court Doubtful.

"It is hard to believe," the court continued, "that the agents of the corporation did not know that they were violating the law. In any event, such ignorance of the law is almost equivalent to a criminal knowledge of it."

About seventy-five persons were present in the courtroom when the fine was imposed. Judge Wellborn entered with his written opinion in his hand. After stating that he had carefully considered the case, the judge began the reading of his judgment. He pronounced it in a strong, clear voice slowly and with repeated emphasis, the crowd following his reading closely to catch the first intimation of the amount of the fine.

There was no excitement in the room when the amount of the fine was announced. W. E. Camp, solicitor for the company, immediately moved a stay of sentence, which was required, he said, by the time necessitated in preparing the defendant's bill of exceptions. Counsel indicated that Jan. 1 would suit them for a limit on the stay. United States District Attorney Lawler objected to so long a time, and Judge Wellborn fixed the stay at thirty days, with the privilege of an extension, if a sufficient showing should be made to the court at that time. The court then peremptorily called the next case on the docket.

None of the Santa Fe officials were present, the company being represented by Solicitor Camp and Attorney VanCott.

TRIAL OF STEVE ADAMS.

United States Senator Heyburn's Name Brought Into It.

Rathdrum, Ida., Nov. 8.—United States Senator Heyburn of Idaho was brought into the trial of Steve Adams for the alleged murder of Fred Tyler three years ago in the Marble Creek district of Shoshone county. Archie Phillips, who testified for the state at the first trial of Adams, disappeared recently from his home in Spokane, but wrote a letter to Henry P. Knight, attorney for the state, asserting that his life was in danger, that he had received threatening letters several times. "And a week ago last Sunday," he wrote, "I found a sack with ten pounds of dynamite, a box of caps and a roll of fuse hidden behind my house."

Phillips in this letter expressed disgust at the treatment he received at the hands of the state and the government, said his wife is a nervous wreck from the terror, and severely censured Senator Heyburn for his failure to secure his appointment as an estimator on the Coeur d'Alene Indian reservation.

FOUR BURNED TO DEATH.

And Six Others May Have Perished in a Fire in Chicago.

Chicago, Nov. 8.—Four persons are said to have been burned to death and six others are missing and may have lost their lives in a fire in a tailor shop at 399 West Fourteenth street.

NEW TRANSATLANTIC RECORD

Cunard Liner Lusitania Sets New Mark for Ocean Vessels.

New York, Nov. 8.—With \$10,000,000 in gold in her strong box and a new transatlantic record written in her log, the Cunard turbine Lusitania steamed past Sandy Hook lightship. In one grand performance the great vessel broke her own world's record and brought to the relief of the money market here \$10,000,000 in gold in unprecedented time.

The westbound trip was made approximately in 4 days, 19 hours and 10 minutes. The exact time can only be known from the official reckoning. Her hourly average was a little better than 24 knots an hour and she has probably beaten the record about 40 minutes.

The former Western record of the turbine, completed Oct. 11, last, was 4 days, 19 hours and 52 minutes. The average speed on that trip was 24 knots an hour for the distance of 2,781 miles. The best day's run was 617 knots.

The Lusitania fought out the last lap of her race against time in the teeth of a southwest gale. She had been favored with ideal weather until she ran into the off-coast storm, which considerably bothered her. When she swept by the lightship she cut her way through a tumbling sea.

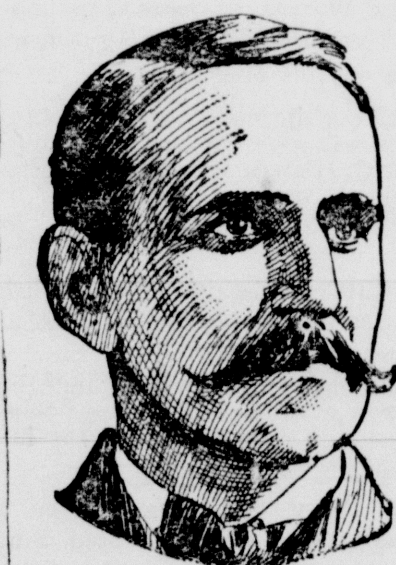

With a big passenger list and unprecedented gold imports she sailed from Queenstown on Nov. 3. The moment she disappeared from land to the westward of Daunt's rock and headed for Sandy Hook, the Lusitania steamed at top speed. Her daily runs were 606, 616, 618 and 610 knots. The best day's run beat her previous record for 24 hours by one knot. This run of 618 knots was made in the 24 hours preceding Wednesday noon. Fair weather for the better part of the trip and her machinery shaken down and running smoothly contributed to the result. From the passengers' standpoint the trip was a most delightful one.

COMMITTEE IN PANAMA.

Congressmen Inspect Work on the Big Canal.

Panama, Nov. 8.—The congressional committee under the leadership of Representative James A. Tawney of Minnesota, chairman of the appropriations committee of the house, has arrived in Panama from Colon. They inspected the work at Cristobol and Gatun on the way over.

The congressmen said that they were favorably impressed with the progress of the work. They will hold

JAMES A. TAWNEY.

conferences daily with the officials of the canal commission to discuss the appropriation of next year.

The members of this committee have come to the isthmus to study the conditions before acting on the request for \$32,000,000 to continue the work on the canal.

TO SETTLE CONTROVERSY.

Mayor Johnson of Cleveland Begins Negotiations.

Cleveland, Nov. 8.—Mayor Tom L. Johnson has sent a letter to the officials of the Cleveland Electric Railway company, which constitutes the first move toward negotiations for a settlement of the street railway franchise controversy. This was the principal issue in the election Tuesday, in which Mayor Johnson was successful for a fourth term, his platform demanding 3-cent street railway fares.

A conference between the mayor and street railway officials to consider propositions looking to a settlement of the issues between the city and the street railway company is proposed by the mayor, and it is announced will probably be accepted by the Cleveland Electric officials.

CREATES SCENE IN COURT

Prominent Ohio Attorney Suddenly Becomes Insane.

Columbus, O., Nov. 8.—George Hamilton Phelps, a prominent attorney of Findlay, O., who prepared much of the evidence in the cases against the Standard Oil company, created a scene in the supreme court when his mind suddenly gave way while arguing the case of the Amity Oil company against E. V. Wyssrod and others. He was later taken to Findlay.

It is said that Mr. Phelps' mind has been affected by overwork.

ONLY NECESSARY TO TREAT THE STOMACH

Claim of Central Figure in Recent Controversy Is Novel.

The new theory advanced by L. T. Cooper relative to the human stomach has attracted such widespread attention that the public in cities visited by the young man has been joined by many physicians in a discussion of his beliefs and medicines. Mr. Cooper says that human health is dependent almost entirely upon the stomach. He says that no disease can be conquered without first alleviating all stomach disorders. He further says that most men and women of this generation are half-sick, owing to degenerate stomachs. And lastly, he claims that his New Discovery medicine will rejuvenate the human stomach in 90 days.

Cooper has been traveling from one city to another, conducting in each what he calls a campaign of education. For the past year he has met the public in the larger cities of the country, and his success has been phenomenal. Thousands of people have flocked to his headquarters wherever he has gone, and the sale of his medicine has been beyond anything of the kind ever before witnessed.

Possibly the most interesting feature of the attention this young man has attracted is what his army of followers, whom he has converted to his beliefs through his medicines, have to say on the subject. The following statements are from two well known residents of Chicago and Boston, respectively, and the enthusiasm of these is characteristic of Cooper's admirers generally.

Mrs. H. B. Mack, of 3201 State street, Chicago, says: "I have been suffering for 12 years from a combination of stomach troubles, catarrh and constipation. I had a gnawing pain in the pit of my stomach, a sort

of a dull pain that I could not quite understand. Then there was a dull headache, and my mind seemed to be wandering continually. I could not eat, and what little solid food I did eat I could not retain on my stomach. I tried every remedy I could think of, and also tried out a number of patent medicines, but without any apparent result. It was through one of my friends that I heard of Cooper's preparation, and I immediately decided to try some of it. It is two weeks since I took my first dose of it, and I feel like a new woman. The headache seems to have disappeared, and the pain in my stomach along with it. The medicine is worth its weight in gold, and I want to thank Mr. Cooper for what he has done for me."

Mr. Edwin F. Morse, of 20 Oakley street, Dorchester, a suburb of Boston, says: "For three years I had not a well day. My stomach was in frightful shape; the mere thought of food would nauseate me, and I really had a horror of anything to eat. All solid food would cause me extreme indigestion, bloating and gas on my stomach, and nothing tasted right. Some time ago I got some of this Cooper's medicines, about which there is so much talk. I actually feel as well and strong as a boy ever since the first bottle. Every sign of stomach trouble has disappeared, and I have a hearty appetite and eat three square meals; every thing seems to taste good. Anyone who knows what chronic indigestion is can appreciate what this means to me. I consider this the most remarkable medicine I ever heard of."

We sell Mr. Cooper's medicines, and find them to be all he claims.—H. P. Dunn & Co.

WHERE ARE THEY?

Inquiries For a Family Named Nannurer, of Hammer or Some Similar Name are Made

The postmaster has received the following letter which is self explanatory. The name is somewhat blindly written and may be Nannrer, Nannurer, or possibly Hammer. The railroad boys who have been shown the letter are inclined to think it refers to one Ed. Hammer, who formerly lived here and who since died. His wife was a sister of the wife of Conductor Reed, and has remarried since Mr. Hammer's death: Wooster, Ohio, Nov. 5, 1907.

To the P. M. of Brainerd.

We are trying to find Mrs. E. W. Nannurer or her daughter. Mr. Hammer lived in your city at one time and was a conductor on one of your principle railroads, but he has been dead for nearly ten years, since then we have heard nothing from the wife or child. She is wanted regarding some property she will get from her late grandfather. Any information will be thankfully received by us.

Yours with all respects.

HIGH PREMIUM RATES.

Attract Money Hoarded by Depositors in Vaults.

New York, Nov. 8.—The magnet of high premium rates for currency is attracting the money hoarded by depositors in steel vaults and strong boxes and within the past two days over \$3,000,000 has been enticed from its hiding places and sold for a premium to money brokers. The placing of these large amounts of hoarded currency into circulation is performing its important part in lessening the monetary stringency and money brokers are confident that more currency will find its way into circulation from safe deposit vaults, the owners of which, now being reassured as to the financial future, are anxious to take advantage of the large premium rates.

The falling off of the premium rate for currency from 3½ to 3 per cent was brought about by the large amount of gold and silver that was taken from safe deposit vaults and offered for sale. Purchases of currency were generally for out-of-town account, and brokers state that currency bought here is being dispatched to agricultural and industrial centers, where it is most needed. The reappearance of gold hidden away in the fear and apprehension is a sure sign of returning confidence and belief that the storm has passed, according to money brokers, who likened the present situation to 1893, when advancing premiums for currency when money was tightest, called forth a perfect flood from the vaults where it had lain hidden, and brought about a state of financial equilibrium.

LIQUOR LAWS ORDERED ENFORCED

The Provisions of Chapter 16, Are Ordered Enforced by Commissioners

UP TO THE OFFICERS NOW

Chapter Deals with the Sale of Intoxicating Liquors Throughout the State

The action of the county commis-sions in their regular session of Tues-day last in requesting the sheriff to en-force chapter 16, of the revised laws of 1905, has caused some inquiry as to the provisions of that chapter. Chapter 16 deals exclusively with the sale of in-toxicating liquors and provides for the licensing of public drinking places and regulates them. Sections 1561 and 1562, to which reference is made read as follows:

1561. DUTY OF OFFICERS—Every sher-iff, constable, marshal and policeman shall summarily arrest any person found committing any act forbidden by this chapter, and make complaint against him. Every county attorney shall prosecute all cases under this chapter arising in his county. The president or mayor of every munic-ality shall make complaint of any known violation of the provisions of this chapter, and the chief of police and all policemen shall make arrests and complai ts as in this section provided, anything in the ordinances or by-laws of such municipality to the contrary notwithstanding.

1562. OFFICIAL NEGLIGENCE—Any coun-ty commissioner, member of a municipal council, sheriff, or other officer, who willfully refuses or neglects to perform any official duty imposed by this chapter, shall be guilty of malfeasance in office, and shall be removed therefrom, and be disqualified from holding the same for and during the remainder of the term for which he was elected or appointed, and shall forfeit not less than one hundred dollars nor more than five hundred dollars, which amount may be recovered by an action against him personally or on his official bond.

Some of the more important provi-sions of chapter 16, which is ordered en-forced are as follows:

1522. SALE, WHEN FORBIDDEN—No person licensed to sell intoxicating liquors shall sell or otherwise dispose of such liquors at any of the following times:

1. On any day between 11 o'clock p. m. and 5 o'clock a. m.
2. On any general, special, or pri-mary election day.
3. At any hour on Sunday.

1534. SALE TO WHOM ILLEGAL—The sale of such liquor at any time or place, except by a licensed pharmacist as aforesaid, is illegal:

1. To a minor.
2. To a pupil or student of any school or other educational institution in this state.
3. To an intoxicated person or hab-itual drunkard.
4. To a public prostitute.
5. To a spendthrift or an improvi-dent person, within one year after written notice by any peace officer, parent, guardian, master, employer, relative, or by any person annoyed or injured by the intoxication of such per-son, forbidding the sale of liquor to him.

Whoever shall in way procure liquor for the use of any person named in this section shall be deemed to have sold it to such person.

Under the sub-heading, "Public Drinking Places." The following sec-tions are found:

1544. CONDUCT—All public drinking places shall be kept quiet and orderly, and no person to whom the sale of liquor is forbidden shall be allowed to frequent any such place.

1545. TO BE KEPT CLOSED, WHEN—All such places, except hotels and res-taurants, and, in hotels and restaurants, all public bars and places where liquor is exposed or sold, shall be kept closed at all times during which the sale of liquor is forbidden. (Hotels are ex-cepted from the provisions requiring closing, but not from the provision pro-hibiting sales.)

1547. GAMES PROHIBITED—No gam-bling or playing for money or its repre-sentative, or other thing of value, shall be allowed in any drinking place, or in any room communicating therewith, nor any tables except pool and billiard tables, nor any slot machines or other gambling devices. No game of any kind, except pool and billiards, and no throwing of dice, shall be allowed in any such place or room.

Letter to Mr. D. Doran, Brainerd, Minnesota

Dear Sir: You ask how many square feet a gallon will cover. Depends on condition of building.

There is a deal of lying on this point. The stock claim of lying paints is 300 square feet, two coats. It's a lie, as a rule.

Devoe covers 300 to 500, our agents think. We think 300 too low and 500 too high: though doubtless, they both occur.

How much the other paints cover is equally doubtful; we guess 100 to 400. The truth is found in another com-parison. Devoe is all paint, true paint, strong paint, and full-measure; the others in general are, at the best, diluted, adulterated and short-measure. They cover according to body and meas-ure. You can't paint with clay, lime, chalk, sand, barytes, water or air—no body in them. Go buy Devoe.

Yours truly,
F. W. DEVOE & Co

MIXED ON THE OVERCOAT QUESTION?

Well, it is certainly difficult to de-cide what to do when every Clothing Store in town has "the best at the lowest price" and all "give satisfac-tion," "money back," "save you a third to a half," &c., &c., &c.

Now there is only one way to settle this perplexing question rightly, and that is to investigate.

If you'll do this we are right sure that we will sell you an overcoat.

Every Store Says Overcoats at \$10, \$12, \$18, \$20 to \$27.50

Every store, perhaps, has Over-coats at these figures—but what do these prices mean until you see the Coats at the prices?

We are safe in saying that we have the handsomest Overcoats the town affords.

We believe that you can do better here than elsewhere—but

KILLED NEAR FRAZEE THURSDAY

Lewis P. Aitkin, Formerly of Klondike, Crushed to Death That Day

HE WILL BE BURIED HERE

Funeral at Little Falls Monday Forenoon and Burial That Afternoon

SPECIAL TO THE DISPATCH:

Little Falls, Nov. 8.—Lewis P. Aitkin was killed near Frazee Thursday after-noon. The funeral will be held in Little Falls on Monday at 10 a. m. The body will be brought to Brainerd on the noon train that day for interment in Ever-green cemetery.

Mr. Aitkin lived for several years on a farm near Klondike, going from there to Little Falls to reside. He went to Frazee Sunday night and was at work near there for the Nichols-Chisholm Lumber company. He was caught be-tween the wanagans and killed. Cecil H. Aitkin, the oldest son is at the Brooklyn navy yard, having enlisted in Brainerd a short time ago.

Appendicitis

Is due in a large measure to abuse of the bowels, by employing drastic pur-gatives. To avoid all danger, use only Dr. King's New Life Pills, the safe, gentle cleansers and invigorators. Guaranteed for headache, biliousness, malaria and jaundice, at H. P. Dunn's drug store. 25c. mwfdw

"Does your husband sleep sound?" asked Mrs. Cobbs in the course of a call upon Mrs. Dobbs. "Sound?" responded Mrs. Dobbs. "Well, I should say so! I don't believe you or anybody else ever heard such sound. It's enough to stop an alarm clock!"—London Express.

"He's one of the most stupid bores I ever met."

"And yet he seems to have accumu-lated money. Fortune appears to have knocked at his door?"

"I don't believe she merely knocked; she must have marched right in."—London Tit-Bits.

MUSIC AND DRAMA

Coming Attractions

Soon—Alice in Wonderland.
Nov. 9.—Midland Concert Company.
Nov. 21.—The Land of Nod.
Nov. 30.—Adelaide Thurston.

Midland Concert Company

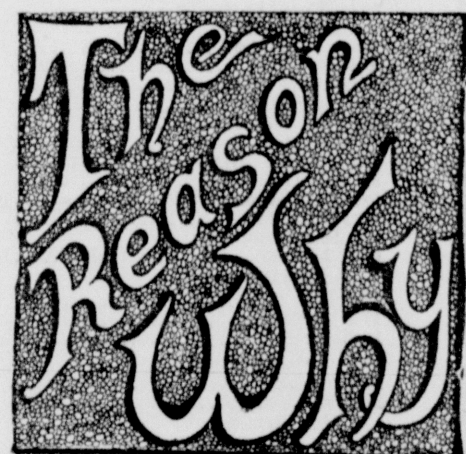

The Midland Concert company will appear as the second number in the Y. M. C. A. lyceum course, at the First Congregational church Saturday even-ing, November 9. Of them the Press of San Angelo, Texas, says: "The Midland Concert Company entertained a large audience at Turn Verein hall. The selections were all very rich and the pretty artists delighted the entire audience throughout the evening, all members receiving repeated encores. The excellent program was carried out without a fault and the close was truly the "ceasing of exquisite music." That the company will soon again ap-pear in San Angelo is the wish of all lovers of good music."

"The Land of Nod"

"The Land of Nod," which will be presented at the Brainerd opera house is unlike all other spectacular musical productions. Its scenic effects are ab-solutely original and novel and the characters comprise types never before shown on the stage, such as "The Man in the Moon," The Weather Man," "April Fool," and "The King and Queen of Hearts," etc. It is clean, wholesome and educating and yet en-grosses the rapt attention of the aud-itor from beginning to end. Such a sensational success is rarely ever achieved in any field of endeavor. If the theatres of this country were twice their present size they would not be large enough to hold the people who are anxious to see this great produc-tion. The lesson of this is plain and the result is is that all seats are often sold days before the date of the en-gagement.

A Significant Prayer

"May the Lord help you make Buck-len's Arnica salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. It quickly took the pair out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at H. P. Dunn's drug store. mwfdw
